

## **Audits – How Do I Find A CPA?**

“Word of mouth” referrals from other professionals can be helpful:

- Ask your attorney
- Ask your banker
- Ask a CPA who can provide names of other firms

Sometimes it is as simple as an internet search to find a list of CPAs in your area.

The Texas Society of CPAs, Texas Municipal League (TML), Texas Rural Water Association, and Texas City Management Association (TCMA) may also provide useful contact information.
