MEMORANDUM

TO: Saqib Shirazi, Ph.D., Innovative Water Technologies, Texas Water Development Board (TWDB)

FROM: Ellen T. McDonald, Ph.D., P.E., APAI

SUBJECT: Storm Water Reuse Monthly Report – February 2009

DATE: March 4, 2009

PROJECT: 0866-003-01

Recent Project Activities:

During this reporting period, APAI's primary activities were (by task):

Task 4- Practices and technologies for treatment and reuse have been researched and compiled into a summary and recommended process that can be incorporated into guidance document. This is currently undergoing team review.

Task 9- Project administration: preparation for and attendance at the project kickoff meeting on February 11th.

Issues Encountered:

No substantial issues were encountered during this reporting period.

Items to be Addressed and Anticipated Project Activities:

Work in the following month will include further development of the approach for determining storm water quantities (Task 2) as well as further refinement of the practices and technology for treatment section (Task 4). Work will also begin on defining practices for harvesting (Task 3).

APAI submitted a proposed revised project schedule to the TWDB and has requested an extension for the project. Approval of this request has not yet been received.
