November 20, 2012

Honorable Rick Perry, Governor Honorable Susan Combs, Texas Comptroller Ursula Parks, Acting Director, Legislative Budget Board John Keel, CPA, State Auditor

Ladies and Gentlemen:

We are pleased to submit the Annual Financial Report of the Texas Water Development Board for the year ended August 31, 2012, in compliance with the Texas Government Code Annotated, Section 2101.011, and in accordance with the requirements established by the Comptroller of Public Accounts.

Due to the statewide requirements embedded in Governmental Accounting Standards Board (GASB) Statement No. 34, Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments, the Comptroller of Public Accounts does not require the accompanying annual financial report to comply with all the requirements in this statement. The financial report will be considered for audit by the State Auditor as part of the audit of the State of Texas Comprehensive Annual Financial Report (CAFR); therefore, an opinion has not been expressed on the financial statements and related information contained in this report.

If you have any questions, please contact Rebecca Trevino, at (512) 936-0809. Randy Cunningham may be contacted at (512) 463-5273 for questions related to the Schedule of Expenditures of Federal Awards.

Sincerely,

Melanie Callahan

Executive Administrator

anie Callahan

Texas Water Development Board (580)

Notes to the Financial Statements

Notes to the Financial Statements

NOTE 1: Summary of Significant Accounting Policies

Entity

The Texas Water Development Board (the Board) is an agency of the state of Texas and its financial records comply with state statutes and regulations. This includes compliance with the Texas Comptroller of Public Accounts' Reporting Requirements of State Agencies and Universities.

The Board was created as an agency of the state in 1957, when the voters of the state approved an amendment adding Section 49-c to Article 3 of the Texas Constitution. The Board is primarily responsible for administering state and federally funded financing programs for water-related projects, water resource planning, data collection, and studies relative to the surface and ground water resources of Texas.

The Texas Water Development Board includes within this report all components as determined by an analysis of their relationship to the Board as listed below.

Due to the statewide requirements embedded in Governmental Accounting Standards Board (GASB) Statement No. 34, Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments, the Comptroller of Public Accounts does not require the accompanying annual financial report to comply with all the requirements in this statement. The financial report will be considered for audit by the State Auditor as part of the audit of the State of Texas Comprehensive Annual Financial Report; therefore, an opinion has not been expressed on the financial statements and related information contained in this report.

Discretely Presented Component Unit

The Texas Water Resources Finance Authority (TWRFA) was created by the Texas Legislature in 1987 as a governmental entity and a body politic and corporate by enactment of Chapter 20 of the Texas Water Code. It is governed by a Board of Directors comprised of the six members of the Texas Water Development Board. TWRFA was created for the purpose of increasing the availability of financing for water-related projects. Its operations are wholly managed by the Board through a sale and servicing agreement.

This component unit is legally separate from, but is financially accountable to, the state, or has a relationship with the state such that exclusion would cause the financial statements to be misleading or incomplete. Criteria used to determine the existence of oversight responsibility include such considerations as financial interdependency, selection of governing authority, designation of management, financial accountability, imposition of will, and financial benefit or burden. The component unit columns of the financial statements include the financial data of this entity.

Texas Water Development Board (580)

Fund Structure

The accompanying financial statements are presented on the basis of funds, each of which is considered a separate accounting entity.

Governmental Fund Types and Government-wide Adjustment Fund Types

General Revenue Fund

The general revenue fund is used to account for all financial resources of the state except those required to be accounted for in other funds.

Special Revenue Funds

Special revenue funds are used to account for the proceeds of specific revenue sources (other than for private-purpose trusts or for major capital projects) that are legally restricted to use for specified purposes.

Debt Service Funds

Debt service funds are used to account for the accumulation of resources for, and the payment of, principal and interest on general long-term debt.

Capital Assets Adjustment Fund Type

Capital assets adjustment fund type will be used to convert governmental fund types' capital assets from modified accrual to full accrual.

Long-Term Liabilities Adjustment Fund Type

Long-term liabilities adjustment fund type will be used to convert governmental fund types' debt from modified accrual to full accrual.

Proprietary Fund Types

Enterprise Funds

Enterprise funds are used to account for any activity for which a fee is charged to external users for goods or services. Activities must be reported as enterprise funds if any one of the following criteria is met.

- 1. The activity is financed with debt that is secured solely by a pledge of the net revenues from fees and charges of the activity.
- 2. Laws or regulations require that the activity's costs of providing services including capital costs (such as depreciation or debt service), be recovered with fees and charges.
- 3. The pricing policies of the activity establish fees and charges designed to recover its costs, including capital costs.

Fiduciary Fund Types

Fiduciary funds account for assets held by the state in a trustee capacity or as an agent for individuals, private organizations, other governmental units, and/or other funds.

Agency Funds

Agency funds are used to account for assets the government holds on behalf of others in a purely custodial capacity. Agency funds involve only the receipt,

Texas Water Development Board (580)

temporary investment, and remittance of fiduciary resources to individuals, private organizations, or other governments.

Component Units

The discretely presented component unit is accounted for separately in the financial statements.

Proprietary Component Units are used to account for the discretely presented component unit, which follows proprietary fund measurement focus and accounting principles.

Basis of Accounting

The basis of accounting determines when revenues and expenditures or expenses are recognized in the accounts reported in the financial statements. The accounting and financial reporting treatment applied to a fund is determined by its measurement focus.

Governmental fund types that build the fund financial statements are accounted for using the modified accrual method basis of accounting. Under the modified accrual basis, revenues are recognized in the period in which they become both measurable and available to finance operations of the fiscal year or liquidate liabilities existing at fiscal year end. The state of Texas considers receivables collected within sixty days after year-end to be available and recognizes them as revenues of the current year for Fund Financial Statements prepared on the modified basis of accrual. Expenditures and other uses of financial resources are recognized when the related liability is incurred.

Governmental adjustment fund types that will build the government-wide financial statements are accounted for using the full accrual method of accounting. This includes capital assets, accumulated depreciation, unpaid employee compensable leave, the unmatured debt service (principal and interest) on general long-term liabilities, and full accrual revenue and expenses. The activity will be recognized in these fund types.

Proprietary funds are accounted for on the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recognized at the time liabilities are incurred. Proprietary funds distinguish operating from non-operating items. Operating revenues and expenses result from providing services or producing and delivering goods in connection with the proprietary fund's principal ongoing operations. Operating expenses for the enterprise funds include the cost of sales and services, administrative expenses, and depreciation on capital assets.

Restricted Net Assets

When both restricted and unrestricted net assets are available for use, restricted resources are used first, then unrestricted resources are used as they are needed.

Budget and Budgetary Accounting

The budget is prepared biennially and represents appropriations authorized by the legislature and approved by the Governor (the General Appropriations Act).

Texas Water Development Board (580)

Unencumbered appropriations are generally subject to lapse 60 days after the end of the fiscal year for which they were appropriated.

Assets, Liabilities, and Fund Balances / Net Assets

Assets

Cash and Cash Equivalents

Short-term highly liquid investments with an original maturity of three months or less are considered cash equivalents.

<u>Investments</u>

Investments of the Board in authorized securities are reported at fair value in accordance with GASB 31 requirements. Any short-term securities that are exchanged for other short-term securities are accounted for using the completed transaction method. This method treats the exchanges as separate sales, purchase transactions, and includes gains and losses on the sales in current revenue.

Interest and Dividends Receivable

Accrued interest receivable on loans and contracts as of the balance sheet date is included in the proprietary funds. For the governmental funds, interest due as of the balance sheet date is only accrued if it is expected to be received within the next sixty days.

Notes / Loans and Contracts Receivable

Although collateralized by bonds of the receiving entity, loans made to political subdivisions are presented as Notes/Loans and Contracts Receivable at par. The portion due within the next year is shown separately as a current asset with the remainder as noncurrent.

Restricted Assets

Restricted assets include monies or other resources restricted by legal or contractual requirements. These assets include proceeds of enterprise fund general obligation and revenue bonds and revenues set aside for statutory or contractual requirements

Capital Assets

Assets with an initial, individual cost of more than \$5,000 and an estimated useful life in excess of one year should be capitalized. These assets are capitalized at cost or, if not purchased, at appraised fair value as of the date of acquisition. Purchases of assets by governmental funds are reported as expenditures. Depreciation is reported on all "exhaustible" assets. Assets are depreciated over the estimated useful life of the asset using the straight-line method.

Liabilities

Accounts Payable

Accounts payable represents the liability for the value of assets or services received at the balance sheet date for which payment is pending.

Texas Water Development Board (580)

Payroll Payable

Government Code §659.083 requires state agencies to pay state employees on the first working day of the month following the pay period. Consequently, the reporting of payroll at August 31 is presented as Payroll Payable.

Current Payables - Other

Other payables are the accrual at year-end of expenditure transactions not included in any of the other payable descriptions. Other payables may be included in either the governmental or proprietary fund types. The only significant other payable is the accrued interest due as of the balance sheet date on bonds payable in the proprietary funds.

Employees' Compensable Leave Balances

Employees' compensable leave balances represent the liability that becomes "due" upon the occurrence of relevant events such as resignations, retirements, and uses of leave balances by covered employees. Liabilities are reported separately as either current or noncurrent in the statement of net assets.

Bonds Payable - General Obligation Bonds

The unmatured principal of general obligation bonds is accounted for as a liability in the proprietary funds and in the Long-Term Liabilities column of the governmental funds. Bonds payable are reported separately as either current – the amount due within the next year – or noncurrent.

Bonds payable are recorded at par. For governmental funds, the bond proceeds are accounted for as an "Other Financing Source" when received, and expenditures for payment of principal and interest are recorded in Debt Service funds when paid. These amounts are adjusted in the Long-Term Liabilities column. General obligation bonds issued by proprietary funds follow the same accounting as for revenue bonds.

Bonds Payable - Revenue Bonds

Revenue bonds are generally accounted for in the proprietary funds. The bonds payable are reported at par less unamortized discount or plus unamortized premium. Interest expense is reported on the accrual basis, with amortization of discount or premium. Bonds payable are reported separately as either current – the amount due within the next year – or noncurrent in the statement of net assets.

Fund Balance / Net Assets

The difference between fund assets and liabilities is 'Net Assets' on the government-wide, proprietary and fiduciary fund statements, and the 'Fund Balance' is the difference between fund assets and liabilities on the governmental fund statements.

The categories used for governmental fund balances are either assigned or unassigned. Assigned means amounts are constrained by the agency's intended use for specific purposes.

Fund balances in special revenue funds are classified as restricted and may only be used for specified purposes.

Texas Water Development Board (580)

Fund balances in the debt service funds are classified as restricted and may only be used for debt service purposes.

Invested In Capital Assets, Net of Related Debt

Invested in capital assets, net of related debt consists of capital assets, net of accumulated depreciation and reduced by outstanding balances for bond, notes, and other debt that are attributed to the acquisition, construction, or improvement of those assets.

Restricted Net Assets

Restricted net assets result when constraints placed on net asset use are either externally imposed by creditors, grantors, contributors, and the like, or imposed by law through constitutional provisions or enabling legislation.

Unrestricted Net Assets

Unrestricted net assets consist of net assets, which do not meet the definition of the two preceding categories. Unrestricted net assets often have constraints on resources, which are imposed by management, but can be removed or modified.

Interfund Activities and Balances

The agency has the following types of transactions among funds:

- (1) Transfers: Legally required transfers that are reported when incurred as 'Transfers In' by the recipient fund and as 'Transfers Out' by the disbursing fund.
- (2) Reimbursements: Reimbursements are repayments from funds responsible for expenditures or expenses to funds that made the actual payment. Reimbursements of expenditures made by one fund for another that are recorded as expenditures in the reimbursing fund and as a reduction of expenditures in the reimbursed fund. Reimbursements are not displayed in the financial statements.
- (3) Interfund receivables and payables: Interfund loans are reported as interfund receivables and payables. If repayment is due during the current year or soon thereafter it is classified as "Current", repayment for two (or more) years is classified as "Non-Current".

Statement of Cash Flows

Cash Flows from Investing Activities

Non-program Loans

The loans that the Board makes to entities such as cities, counties, and other political subdivisions do not meet the criteria established by GASB for inclusion as Cash Flows from Operating Activities on the Statement of Cash Flows. Only certain types of loans to individuals are includable as Cash Flows from Operating Activities. Since GASB refers to these loans generically as "program" loans, the loans made by the Board are referred to on the Statement of Cash Flows as "non-program" loans to distinguish them from loans made to individuals, and their cash flows are included as Cash Flows from Investing Activities.

Texas Water Development Board (580)

Classification Differences

Although the primary operation of the Board's enterprise funds is the borrowing and lending of money for water related projects, the major components of the Operating Income or Loss on the Statement of Revenues, Expenses, and Changes in Fund Net Assets are classified on the Statement of Cash Flows as either Cash Flows from Investing Activities (Interest and Investment Income) or Cash Flows from Noncapital Financing Activities (Interest Expense).

NOTE 2: Capital Assets

Seventy-five percent of revenue received during fiscal year 2012 from the sale of surplus property originally purchased from general revenue has been re-appropriated for expenditures in accordance with the 82nd Legislature, Regular Session, House Bill 1, Article IX, Section 8.04.

A summary of changes in Capital Assets for the year ended August 31, 2012, is presented below:

		PRIMARY	GOVERNMENT	
	Balance 09/01/2011	Additions	Deletions	Balance 08/31/2012

Governmental Activities Capital Assets, Net	\$15,149,848.89	\$(598,266.04)	\$(6,046.94)	\$14,545,535.91

Texas Water Development Board (580)

NOTE 3: Deposits, Investments and Repurchase Agreements

The agency is authorized by statute to make investments, and does so in accordance with Chapter 365 of the Texas Water Development Board rules. There were no violations of legal provisions during the period.

Deposits of Cash in Bank

As of August 31, 2012, the carrying amount of deposits was \$12,500.00 as presented below.

Governmental and Business-Type Activities	An	nount
Cash in Bank – Carrying Value	\$	12,500.00
Cash in Bank per AFR	\$	12,500.00
Governmental Funds Current Assets Cash in Bank	\$	12,500.00
Cash in Bank per AFR	\$	12,500.00

This amount consists of cash in local banks. This amount is included on the Combined Statement of Net Assets as part of the "Cash and Cash Equivalents" account.

As of August 31, 2012, the total bank balance was as follows:

	·				
Governmental and Business Type Activities	\$ 12,500.00	Fiduciary Funds	\$ - 0 -	Discrete Component Units	\$ - 0 -

Custodial credit risk for deposits is the risk that, in the event of the failure of a depository financial institution, the agency will not be able to recover deposits or will not be able to recover collateral securities that are in the possession of an outside party. The agency has a policy requiring collateralization limited to obligations of the U.S. or U.S. government agencies held in the name of the agency. As of August 31, 2012, bank balances were not exposed to custodial credit risk.

Investments

As of August 31, 2012, the fair value of investments is as presented below.

Governmental and Business-Type Activities	Fair Value
U.S. Government Agency Obligations	\$ 17,257,223.32
Commercial Paper (Texas Treasury Safekeeping Trust Co)	28,436,649.32
Repurchase Agreement (Texas Treasury Safekeeping Trust Co)	226,177,035.86
U.S. Government Agency Obligations (Texas Treasury Safekeeping Trust Co)	365,711,190.39
Total	\$ 637,582,098.89

Texas Water Development Board (580)

Discrete Component Units	Fair Value
U.S. Treasury Securities (SLGS)	\$ 2,182,600.00
Commercial Paper (Texas Treasury Safekeeping Trust Co)	1,547,795.12
Repurchase Agreement (Texas Treasury Safekeeping Trust Co)	12,310,723.00
U.S. Government Agency Obligations (Texas Treasury Safekeeping Trust Co)	19,905,509.91
Total	\$ 35,946,628.03

Custodial credit risk for investments is the risk that, in the event of the failure of the counterparty, the agency will not be able to recover the value of its investments or collateral security that are in the possession of an outside party. The agency will only make payment for and accept delivery of securities on a delivery versus payment basis, and securities are held in the name of the agency. As of August 31, 2012, investments were not exposed to custodial credit risk.

Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. As required by the agency's investment policy, investments purchased must be rated as to investment quality by a nationally recognized investment rating firm with a minimum of an 'A' rating. Furthermore, our investment policy requires that our repurchase agreements be collateralized by obligations of the U.S. Government or U.S. Government Agencies. As of August 31, 2012, the agency's credit quality distribution of securities and repurchase agreements with credit risk exposure was as follows.

Claims and Judgments

There was no litigation from which the Board could incur long-term liability.

Employees' Compensable Leave

A state employee is entitled to be paid for all unused vacation time accrued, in the event of the employee's resignation, dismissal, or separation from state employment, provided the employee has had continuous employment with the state for six months. Expenditures for accumulated annual leave balances are recognized in the period paid or taken in governmental fund types. For these fund types, the liability for unpaid benefits is recorded in the Statement of Net Assets. An expense and liability for proprietary fund types are recorded in the proprietary funds as the benefits accrue to employees. No liability is recorded for non-vesting accumulating rights to receive sick pay benefits.

NOTE 6: Bonded Indebtedness

Bonds Payable

Description of Issues

General Obligation Bonds - Description of Issues

The Board issues bonds to provide financial assistance to political subdivisions for water development, water quality enhancement, and flood control projects. The Board has 48 general obligation bond series outstanding at year end. These general obligation bonds are backed by the full faith and credit of the State of Texas. They are issued under the authority of the Texas Constitution Article 3, Sections 46-c, 49-d, 49-d-1, 49-d-2, 49-d-6, 49-d-7, 49-d-8, 49-d-9, 49-d-10, 49-d-11, 50-d, and the laws of the State of Texas.

Bonds issued for the following program are not anticipated to be self-supporting:

 Economically Distressed Areas Program (EDAP) (eight tax-exempt and one taxable series).

Bonds issued for the Water Infrastructure Fund may be self-supporting or not self-supporting:

- Water Infrastructure Fund (two tax-exempt series considered self-supporting);
 and
- Water Infrastructure Fund (five tax-exempt series considered not self-supporting).

Bonds issued for the State Participation program may be self-supporting or not self-supporting:

- State Participation Program (five tax-exempt and one taxable series considered self-supporting); and
- State Participation Program (one tax-exempt series considered not self-supporting).

Revenue Bonds - Description of Issues

In 1987, the Board received legislative authorization to issue an unlimited amount of revenue bonds to fund certain eligible projects. Currently, the Board has seven revenue bond series outstanding. The Board has authority to sell revenue bonds for the following purposes:

- (1) To finance the construction of water and wastewater projects of political subdivisions and non-profit water supply corporations;
- (2) To provide interim financing to political subdivisions that are also receiving long-term financing from the Board;
- (3) To provide the state matching funds for federal grants under the Federal Water Pollution Control and the Safe Drinking Water Acts.

Texas Water Development Board (580)

The Board's revenue bonds do not constitute a debt of the State and neither the full faith nor credit, nor the taxing authority of the State is in any manner pledged, given, or loaned for the payment of the Board's revenue bonds. Further, the Board's revenue bonds are not secured by or payable from money in Development Fund II. As of this date, the Board has issued revenue bonds only for the purpose of providing funds for the Clean Water State Revolving Fund.

Also in 1987, the State Legislature created the Texas Water Resources Finance Authority (TWRFA and the "Authority") as a governmental entity and a body politic and corporate, governed by a board of directors composed of the six Texas Water Development Board members. Because the Authority is a separate legal entity from the Board, it may issue revenue bonds. The proceeds of these bonds may be used either for the purpose of purchasing political subdivision bonds from the Board's existing loan portfolio, or directly from political subdivisions. The Authority's revenue bonds do not constitute a debt of the State, and neither the full faith nor credit, nor the taxing authority of the State is in any manner pledged, given, or loaned to the payment of the Authority's revenue bonds. Further, the Authority's revenue bonds are not secured by or payable from money in Development Fund II. To date, the Authority has no revenue bond series outstanding.

Authorized but Unissued

In 1985, the voters authorized \$200,000,000 for the Agricultural Water Conservation Program pursuant to Article 3, Section 50-d of the Texas Constitution. To date, \$35,160,000 in General Obligation Bonds have been issued for this program.

In 1998, the Board created the Texas Water Development Fund II pursuant to Article 3, Section 49-d-8 of the Texas Constitution by transferring all outstanding authorizations remaining in Development Fund I. The Constitutional Amendment provided for removing the restrictive use requirements and allowing authorizations to be combined as to purpose. Thus, the \$1,012,810,000 in unused remaining authority in Development Fund I in May 1998 was transferred to Development Fund II. This total authorization of \$1,012,810,000 contained \$161,565,000 dedicated to EDAP projects, \$716,253,820 dedicated to Development Fund II projects, and \$134,991,180 dedicated to State Participation projects. Additionally, \$26,523,431 of bond authorization, which had previously been used for a contingent liability for a federal contract relating to the Lavaca-Navidad River Authority, Lake Texana Project, was released and returned to the Board's authorization after the federal contract was retired on June 26, 2001.

Certain bonds issued in 1998, 2001, 2002, 2003, 2004, 2005, 2007, 2008, 2009, 2010, 2011, and 2012 were issued at a premium. The outstanding authorization is reduced by the amount of the premium.

In November 2001, Constitutional Amendment 19 was passed by the voters of Texas. The amendment authorized the Texas Water Development Board to issue up to \$2 billion in additional general obligation bonds under Article 3, Section 49-d-9 of the Texas Constitution.

On November 8, 2011, voters approved Proposition 2, which added Section 49-d-11 to Article III of the Constitution, and authorizes the Board to issue additional general obligation bonds for one or more accounts of Development Fund II in amounts such that the aggregate principal amount of bonds issued under Section 49-d-11 that are outstanding at any time does not exceed \$6 billion.

The combined remaining balance of all general obligation bond authorization as of August 31, 2012, totals \$7,002,830,758. Of that balance, \$164,840,000 remained for the

Texas Water Development Board (580)

Agricultural Water Conservation Program and \$186,036,518 remained for the EDAP program. The remaining amount may be used for the Development Fund, State Participation or Water Infrastructure Fund programs.

Debt Service

Proceeds of the Board's bond issuance are loaned to political subdivisions for the purposes as stated in each authorization. Political subdivision's loan portfolios owned by the Board support the Board's debt service on both general obligation and revenue bonds. The repayment terms of the political subdivision loans provide cash flows necessary to meet the debt service requirements of the Board's general obligation bonds. Texas Water Code §§ 15.606 and 17.176 establish authority for the Board to set lending rates. The procedure and methodology the Board follows when determining general obligation lending rates are outlined in 31 TAC §363.33 and §363.1205.

In establishing lending rate scales, the Board considers the true interest cost of the money to the State including issuance costs, and the risks associated with the operation of the financial assistance program. In the event that amounts available in Development Fund II are insufficient to meet debt service requirements, funds are transferred from the State's General Revenue Fund. The calculation of the annual transfer from the General Revenue Fund is based on a comparison between the debt service requirement for the fiscal year and the assets available in the Development Fund II Interest and Sinking Fund 15 days prior to debt service payment dates.

The Economically Distressed Areas Program is a General Obligation Bond Program that is not expected to be fully self-supporting. The State Participation Program and the Water Infrastructure Fund have some series that are self-supporting and some series that are not self-supporting.

Texas Water Development Board (580)

The table below represents transfers from the State's General Revenue Fund for debt service:

Total General Revenue Draws for Debt Service:

Year	DFund I	Water Infrastructure Fund	State Participation	EDAP	AG	Totals

Refunding Bonds

General Obligation Bonds

In fiscal year 2012, the Board issued \$15,725,000 of General Obligation Water Financial Assistance Refunding Bonds, Taxable Series 2012D (Economically Distressed Areas Program). The net proceeds from the sale were used to defease and current refund Water Financial Assistance Refunding and Financial Assistance Bonds, Series 1998C (Economically Distressed Areas Program) and Water Financial Assistance Bonds, Series 2001A (Economically Distressed Areas Program). The net present value savings were 13.21% or \$2,077,485.19.

The Board also issued \$22,215,000 of General Obligation Water Financial Assistance Refunding Bonds, Taxable Series 2012E (State Participation Program). The net proceeds from the sale were used to defease and current refund a portion of Water Financial Assistance Bonds, Series 2001C (State Participation Program). The net present value savings were 23.81% or \$8,533,232.07.

Revenue Bonds

In fiscal year 2012, the Board did not issue any State Revolving Fund Subordinate Lien Revenue Refunding Bonds.

Texas Water Development Board (580)

Defeased Bonds Outstanding

General Obligation Bonds - Defeased Bonds Outstanding

The total amount of defeased bonds outstanding at August 31, 2012, is \$222,340,000.00. These bonds are listed on Schedule 2E.

NOTE 12: Interfund Activity and Transactions

As explained in Note 1 on Interfund Activities and Balances there are numerous transactions between funds and agencies. At year-end amounts to be received or paid are reported as:

- Interfund Receivables or Interfund Payables
- Due From Other Agencies or Due To Other Agencies
- Due From Other Funds or Due To Other Funds
- Transfers In or Transfers Out
- Legislative Transfers In or Legislative Transfers Out

The agency experienced routine transfers with other state agencies, which were consistent with the activities of the fund making the transfer. Repayment of current interfund balances will occur within one year from the date of the financial statement. Individual balances and activity at August 31, 2012, follows:

Texas Water Development Board (580)

NOTE 13: Continuance Subject to Review

Under Chapter 325, Government Code (Texas Sunset Act), the Texas Water Development Board is subject to review but is not abolished under this chapter. The Board shall be reviewed during the period in which state agencies abolished in 2023 and every 12th year after 2023 are reviewed

NOTE 14: Adjustments to Fund Balances and Net Assets

Not Applicable

NOTE 15: Contingencies and Commitments

Disclosure of Contingent Liabilities

Rebatable Arbitrage

Rebatable arbitrage is defined by Internal Revenue Code Section 148 as earnings on investments purchased with the gross proceeds of a bond issue in excess of the amount that would have been earned if the investments were invested at a yield equal to the yield on the bond issue. This rebatable arbitrage must be paid to the federal government. The Board is entitled to invest its bond proceeds at an unrestricted yield for various temporary periods ranging from six months to three years. This unrestricted earnings period begins on the date of delivery of the bond issue. Earnings on any funds held by the Board after the unrestricted earnings period ends must be restricted to the yield of the Board's bond issue. The amount of rebate due the federal government is determined and payable during each five-year period and upon final payment of the tax-exempt bonds.

Arbitrage funds have been established within various Texas Water Development Board programs. Deposits into these funds are made according to the verification agent's final report received around January following the close of each fiscal year. The final determination of rebate requirements for fiscal year 2011 resulted in no liability. For fiscal year 2012, a preliminary determination of rebatable arbitrage indicates no liability. Any necessary increase in deposit will be made after the final determination is received.

Pending Litigation

As of August 31, 2012, there are five lawsuits pending. In three of the five lawsuits, there is no claim for monetary damages. Of the remaining two lawsuits, one of which concerns a motor vehicle accident, both lawsuits have loss contingencies that are reasonably possible.

Federal Costs

As a prime contractor with a federal granting agency, the Board is contingently liable to refund any disallowed costs to the granting agency. The amount of disallowed cost, if any, was undeterminable at August 31, 2012.

Texas Water Development Board (580)

Disclosure of Significant Commitments

Outstanding Loan and Grant Commitments

As of August 31, 2012, the Board had made commitments to provide political subdivisions and non-profit entities financing from the proceeds remaining from current bond issues, and from the proceeds of future bond issues, from the federal draw downs, or from appropriations as follows:

	For Loans	For Grants	Total
Colonia Wastewater Treatment Program	\$ -	\$621,053.25	\$621,053.25
Drinking Water State Revolving Fund (DWSRF)	126,831,436.99	7,568,971.46	134,400,408.45
Rural Water Assistance Fund	4,265,000.00	-	4,265,000.00
Water Development Fund (EDAP)	370,000.00	5,570,093.16	5,940,093.16
Water Development Fund II	361,985,000.00	-	361,985,000.00
Water Pollution Control Revolving Fund (CWSRF)	62,845,000.00	7,195,963.19	70,040,963.19
Total Commitments	\$556,296,436.99	\$20,956,081.06	\$577,252,518.05

NOTE 16: Subsequent Events

The Texas Water Development Board issued the following bonds subsequent to August 31, 2012.

Bond Issuance	Series	Amount	Date of Issuance	Purpose
Issualice	Selles	Amount	issuarice	Fulpose
General Obligation	2012F	\$29,385,000	09-05-12	Provide financial assistance for Economically Distressed Areas Program (EDAP) projects
General Obligation	2012G	\$156,065,000	10-02-12	Provide financial assistance from the Texas Water Development Fund II (Dfund) for Water Assistance Projects

NOTE 17: Risk Management

The Texas Water Development Board is exposed to property and casualty loss, and workers compensation claims. The Board uses a number of approaches to decrease risks and protect against losses to the agency. These methods include internal practices and employee training. Additionally, the Board has adopted an ethics policy applicable to all Board employees as well as a fraud, waste and abuse policy.

Texas Water Development Board (580)

The Board provides financial assistance to political subdivisions of the state for construction of water-related facilities. The Board does not manage or control the facilities and has no liability for the construction or operation of the facilities. The Board requires its borrowers to assume responsibility in complying with all state and federal laws, rules, and regulations in the construction and operation of facilities. The Board's risks generally do not arise from providing financial assistance, but fraud or wrong doing by employees could subject the individual employees to personal liability. The Board's Internal Auditor and its Operations and Administration Division both evaluate potential for waste, fraud and abuse at the Board.

The Board operates a fleet of motor vehicles and watercraft. The Board is self-insured as to its own property losses, and the liability of loss to others. The Attorney General defends the agency and personnel against any lawsuit brought as a result of the operation of the motor vehicles or watercraft. The Board performs an annual review of the driving records of employees who drive agency vehicles. Also, Board policy prohibits employees from using Board vehicles for private purposes.

The Board assumes substantially all risks associated with tort and liability claims due to the performance of it duties. Currently, there is no purchase of commercial insurance. The Board participates in the State Office of Risk Management's (SORM) Risk Management and Worker's Compensation Coverage Program. The Board's assessment for fiscal year 2012 was \$33,308.91. The assessment covers worker's compensation and risk management costs.

The Board's liabilities are reported when it is both probable that a loss has occurred and the amount of that loss can be reasonably estimated. Liabilities include an amount for claims that have been incurred but not reported.

Changes in the balances of the Board's claims liabilities during fiscal years 2011 and 2012 were:

	Beginning Balance	Increases	Decreases	Ending Balance
2011	\$-0-	\$-0-	\$-0-	\$-0-
2012	\$-0-	\$3,586.67	\$1,368.67	\$2,218.00

NOTE 18: Management Discussion and Analysis

The following events occurred in fiscal year 2012 which affected financial reporting:

The Board issued a total of \$92,825,000 in non-self-supporting general obligation bonds.

Series 2012A (\$39,930,000) was issued to augment the funding of Water Assistance Projects and pay expenses arising from the issuance of the 2012A Bonds. The proceeds of the 2012A Bonds are expected to be transferred from Development Fund II to augment the funding of the Water Infrastructure Fund, a special fund in the State Treasury established under Subchapter Q of Chapter 15 of the Texas Water Code, as amended, to provide financial assistance to eligible Texas political subdivisions.

Texas Water Development Board (580)

Series 2012B (\$14,955,000) was issued to augment the funding of the Economically Distressed Areas Program Projects being financial assistance in the form of loans and grants to political subdivisions in economically distressed areas of the State for water supply and water quality enhancement purposes consistent with the provisions of Subsection (b) of Article III, Section 49-d-7, Texas Constitution and Subchapter K of Chapter 17 of the Texas Water Code, as amended, from Development Fund II, and to pay expenses arising from the issuance of the 2012B Bonds.

Series 2012D (\$15,725,000) was issued to refund certain outstanding State of Texas Water Financial Assistance Refunding and Financial Assistance Bonds, Series 1998C and Water Financial Assistance Bonds, Series 2001A (Economically Distressed Areas Program) and to pay expenses arising from the issuance of the 2012D Bonds.

Series 2012E (\$22,215,000) was issued to refund certain outstanding State of Texas Water Financial Assistance Bonds, Series 2001C (State Participation Program) and to pay expenses arising from the issuance of the 2012E Bonds.

The Board also issued a total of \$241,900,000 in self-supporting general obligation bonds.

Series 2011B (\$92,255,000) was issued to augment the funding of the Financial Assistance Account for Water Assistance Projects from the Texas Water Development Fund II and to pay expenses arising from the issuance of the 2011B Bonds.

Series 2012C (\$149,645,000) was issued to augment the funding of the Financial Assistance Account for Water Assistance Projects from the Texas Water Development Fund II and to pay expenses arising from the issuance of the 2012C Bonds.

NOTE 19: The Financial Reporting Entity

Blended Component Units

No component units have been identified which should have been blended into an appropriated fund.

Discrete Component Units

The criteria used to determine the existence of oversight responsibility included the following considerations: financial interdependency, selection of governing authority, designation of management, ability to significantly influence operations, and accountability for fiscal matters. Other criteria considered were scopes of service and special financing relationships. Based upon the application of these criteria, the Texas Water Resources Finance Authority is included as a discrete component unit of the reporting entity.

The Texas Water Resources Finance Authority was created by the Texas Legislature in 1987, by enactment of Chapter 20 of the Texas Water Code, as a governmental entity and a body politic and corporate, and is governed by a Board of Directors composed of the six members of the Texas Water Development Board. The Authority was created for

Texas Water Development Board (580)

the purpose of increasing the availability of financing for water-related projects. The Board wholly manages the Authority's operations through a "Sales and Servicing Agreement".

Financial information for the Authority is presented in Exhibits III, IV, V, L-1, L-2, & L-3 as the "Proprietary Component Unit". The Authority shares the same annual fiscal period as the Board which ends on August 31st of each year.

NOTE 25: Termination Benefits

Not Applicable

NOTE 26: Segment Information

The Clean Water State Revolving Fund uses advances from the Water Development Funds, revenue bond proceeds, and U.S. Environmental Protection Agency capitalization grants to make water quality enhancement loans. The Texas Water Resources Finance Authority (TWRFA) issued revenue bonds in 1989. The proceeds of the 1989 revenue bond issue were used to fund the purchase of a portfolio of political subdivision bonds and commitments from the Texas Water Development Board. Although the TWRFA bonds were fully paid during fiscal year 2010, the Authority continues to maintain assets.

Texas Water Development Board (580)

Segment disclosure is not required for segments that are also major individual enterprise funds due to information already provided in the basic financial statements. See Exhibits F-1, F-2, L-1 and L-2.
